

Biotech Week Boston

Where Big Science &
Bright Minds Meet

WOMEN'S LEADERSHIP PROGRAM AND DINNER

@ Biotech Week Boston

Wednesday, September 27
Boston, MA
Hynes Convention Center

Join this arena for supporters of gender diversity in life science to connect, share learnings, discuss challenges, find mentors, and lean in. A panel discussion will be the catalyst for the evening as we tackle ways to increase diversity within biopharma with ample opportunity for dynamic networking after.

Agenda:

5:15 - 6:00 pm Panel Discussion in the Main Theatre of Exhibit Hall

6:00 - 7:00 pm Networking Reception

7:00 - 8:30 pm Women's Leadership Dinner

PANEL DISCUSSION 5:15 - 6:00 pm

Increasing Gender Diversity in BioPharma: What Works?

- What are the actionable strategies and programs that both men and women can work on together to help improve gender diversity in their companies?
- What can everyone in our industry do, whether at small, medium or large organizations, and at every level of their company to make a difference and deliver the benefits of gender diversity for corporate performance?
- How can you influence organizational culture to encourage male allies and champions of gender diversity, flexible work policies, and mentorship programs?

Moderator:

Cissy Young
Executive Director
Russell Reynolds Associates

Panelists:

Susan Windham-Bannister
CEO
Biomedical Growth Strategies

Amri Johnson
Global Head of Diversity and Inclusion
